*Permanent Cosmetic Make-up is
the art of implanting natural
pigment into the dermal layer of
the skin. This very safe and
popular service is offered in
specialty salons by technicians
certified in Micropigmentation.*

*Permanent cosmetics are the
perfect solution for...*

*Busy people with little time to
apply make-up.*

*Those who want the convenience
of a round the clock natural look,
waking up, working out,
swimming.*

*People with allergies to
conventional make-up.*

*Men and women who seek
correction of asymmetric facial
features.*
